

# What does it feel like to be an empowered technician?

**HETS**  
**LITE**

# How should TALENT communicate with the technical community across the UK?

Email news letter

email/newsletter

Emails and newsletters are good.

Newsletter

Virtual coffee break

Bulletin updates

Email Newsletter, conferences such as this, website, videos (e.g. Youtube/vlog/blog)?

newsletter and mailer

Twitter

# How should TALENT communicate with the technical community across the UK?

both with Technicians and institutional leads

Video blog

Car boot sale of capabilities

For simple or short comms: social media -captures a wide audience and is easily shared

e-mail updates

Through the Technician Staff Network, Technical managers, emails, coffee catch-up sessions, social media. university pages

Regular virtual meeting

Line Managers, and hopefully a nationally representative group available in house at every University

Online Conferences

# How should TALENT communicate with the technical community across the UK?

Online Meetings
